EXPERIENCE

INSTRUCTIONAL DESIGN SPECIALIST

UW-Stout Graduate School & Stout Online, March 2017 - Present

- Co-supervised a design team of up to 13 team members to tackle complex design projects & production needs relating to online courses.
- Collaborated with subject-matter experts to create customized learning experiences such as e-learning modules and educational games.
- Implemented accessibility standards (WCAG 2.1) in online courses meant for adult learners, redesigning or altering existing content when necessary. ~30 courses per year.
- Consulted with subject-matter experts to ensure quality online learning (Quality Matters). ~30 courses per year.

DESIGN CONSULTANT

Nakatani Teaching & Learning Center, September 2016 - May 2017

- Collaborated with over 50 subject-matter experts to design and create 16 e-learning modules meant for professional development within the University of Wisconsin-Stout. These included custom learning activities, visualizations, and videos. The modules were created in Articulate Storyline.
- Gamified a professional development plan where staff could earn up to 9 digital achievement badges. The badges were designed and created in Adobe Illustrator.

INSTRUCTIONAL DESIGN ASSISTANT

Graduate School & Stout Online, January 2013 - January 2017

- Enhanced end-user learning experience in online courses by solving design problems. Techniques used included boosting visual aesthetics, redesigning course documents for clarity/readability, organizing materials according to best practices, and more.
- Co-interviewed and trained over 30 new team members.
- Demonstrated strong communication skills when working directly with subject-matter experts and administration to meet deadlines and quality expectations.

SUMMARY

Multi-disciplinary designer with a broad skillset, background, and worldview who is dedicated to quality, user-experience, and engagement.
